

Breaks Kusama

Verse 1:

In January 2025, a new dawn breaks,
Kusama rises, as the future shakes.
Web3 canvas, painting bold,
Where dreams of progress unfold.
Private DAOs lead governance's dance,
Communities thrive with a new finance.
Local incentives pave the way,
Empower the world in a brighter day.

Chorus:

Kusama's heart beats wild and free,
Pioneering paths for all to see.
With KSM riding high in the skies,
Blockchain dreams realize.

Verse 2:

Parachains soar on these chains of gold,
Virto and Kreivo's stories told.
Layered visions, transaction flow,
A rhythm where only innovation grows.
Token-less dreams spark their claims,
Decent DAOs, rewriting games.
Freelancers find a place to belong,
As Kusama's voice rings strong.

Chorus:

Kusama's heart beats wild and free,
Pioneering paths for all to see.
With KSM riding high in the skies,
Blockchain dreams realize.

Bridge:

In Europe's eyes and global minds,
Decentralized futures intertwined.
The road ahead, a tapestry,
For Kusama's legacy eternal see.

Chorus:

Kusama's heart beats wild and free,
Pioneering paths for all to see.
With KSM riding high in the skies,
Blockchain dreams realize,
In January 2025.
