

Kusama Rising

Verse 1:

In February '22, where the future unfolds,
Kusama's parachains took flight, stories untold.
A digital playground, where creators dream,
Interchain wonders, pushing the extreme.
Validators debated, rewards on the line,
Community-led voices, our governance shines.

Chorus:

Kusama takes flight, in the blockchain sky,
Innovations soar, as the auctions fly by.
With every heartbeat, a network so vast,
February '22, the future's forecast.

Verse 2:

NFTs and DeFi, like sparks in the dark,
Karura and RMRK, igniting the spark.
Cross-parachain whispers, messages flow,
In this canary network, the seeds of hope grow.
KSM rides the waves, steady and bold,
Amidst the market's storm, our story is told.

Chorus:

Kusama takes flight, in the blockchain sky,
Innovations soar, as the auctions fly by.
With every heartbeat, a network so vast,
February '22, the future's forecast.
