

****Title: Kusama's**

Verse 1:

In September 2023, the canary flew,
With OpenGov, dreams anew.
Runtime Upgrade, 9290 rise,
Interoperable skies, blockchain ties.
Parachains battled, T3rn took flight,
150,000 tokens, a future bright.
Kintsugi strengthens, Karura yields,
Shiden's pulse in digital fields.

Chorus:

Kusama, on a roll, the world takes note,
In September's light, innovation wrote.
Market rises, KSM soaring high,
In the blockchain sky, let the canary fly.

Verse 2:

SubSocial whispers, secret, bold,
Robonomics, Zeitgeist, stories told.
Gavin Wood's vision, echoes clear,
Polkadot's playground, pioneers cheer.
Zero-knowledge dreams on the horizon,
Scalability, new governance symphonies rising.
With every block, every code we weave,
Kusama's heart, a rhythm we believe.

Chorus:

Kusama, on a roll, the world takes note,
In September's light, innovation wrote.
Market rises, KSM soaring high,
In the blockchain sky, let the canary fly.
