

# Night Kusama

## *Verse 1:*

In December 2019, a canary takes its flight,  
Born from chaos, a beacon in the night,  
Kusama calls with wings open wide,  
Pioneers gather, on this wild ride.  
Proof-of-stake, the way is clear,  
In the hands of rebels, we fight the fear,  
Validators join, our numbers grow,  
Rising tides, in the blockchain's flow.

## *Chorus:*

In the heart of the storm, we find our grace,  
Kusama leads us through this space,  
Where chaos reigns, innovation breathes,  
In December's shadow, we sow the seeds.

## *Verse 2:*

Parachains await, the auctions ignite,  
Dreamers bid, in the fading light,  
Acala and Chainlink, cast their nets,  
Lower barriers, no regrets.  
Governance in every hand,  
A symphony of change, so boldly planned,  
December remembers the first step we made,  
Kusama's promise in the futures we trade.

## *Chorus:*

In the heart of the storm, we find our grace,  
Kusama leads us through this space,  
Where chaos reigns, innovation breathes,  
In December's shadow, we sow the seeds.

## *Outro:*

A whispered tale, of brave new days,  
Kusama's path, a guiding blaze,  
With wings of courage, we write our fate,  
As the world watches, we elevate.
