

Kusama Rising

Verse 1:

In September twenty twenty-one,
Kusama's wings began to run,
Parachains in rhythm, lights ignite,
In chaotic dance, they blaze the night.
Governance steers with a coded hand,
Democracy blooms across the land,
Community voices, loud and clear,
Reflections of trust, no fear.

Chorus:

Oh, Kusama, in this vibrant September,
Blooming paths we all remember,
Innovate, elevate, rise again,
Future's ours to shape, my friend.

Verse 2:

KILT secured, with trust and grace,
Crowdloans' power in this space,
Karura's DeFi, Moonriver's light,
Dreams of a web3 taking flight.
KSM surges, hearts ignite,
Markets cheer under blockchain light,
A haven for those who dare,
Kusama's dream, beyond compare.

Chorus:

Oh, Kusama, in this vibrant September,
Blooming paths we all remember,
Innovate, elevate, rise again,
Future's ours to shape, my friend.

Bridge:

As Polkadot waits in the wings,
Kusama tests, and the future sings,
A symbiotic dance, they weave,
In every heart, ideas conceive.

Outro:

Bright horizons, paths yet untold,
In Kusama's arms, we are bold,
A future forged in code and dream,
Kusama leads, watch it gleam.
