

# Rise Kusama

## *Chorus:*

In October 2024, we rise,  
Kusama spreads its wings,  
With every node, a dream flies,  
In the chaos, a new world sings.

## *Verse 1:*

A canary in the mine, we lead the way,  
In the heart of innovation, we sway.  
From a thousand to fifteen-hundred strong,  
Decentralized power, where we belong.  
Auction victories, Turing's triumph,  
Tokens gathered, dreams to ignite.  
Building bridges with adaptive might,  
Quantum leaps in blockchain light.

## *Chorus:*

In October 2024, we rise,  
Kusama spreads its wings,  
With every node, a dream flies,  
In the chaos, a new world sings.

## *Verse 2:*

A token's value, fiery ascent,  
Investors drawn by the event.  
Builders program, nurturing ground,  
Innovation's heart, where new paths are found.  
Cross-chain dreams and zero-knowledge quests,  
We cultivate what's truly best.  
Dr. Wood's vision, a future bright,  
In organized chaos, we take flight.

## *Chorus:*

In October 2024, we rise,  
Kusama spreads its wings,  
With every node, a dream flies,  
In the chaos, a new world sings.
