

Kusama Rising

Verse 1:

October 2023, echoes in the blockchain air,
Kusama, the canary, rising with a daring flair.
OpenGov breaks, democracies take flight,
Gavin's words ring true, in this new era's light.

Chorus:

Oh Kusama, you're a force, no longer under shadow,
With wings of change, the blockchain's new bravado.
Canary sings its song, in a digital sky so wide,
Oh Kusama, lead the tide, where innovation rides.

Verse 2:

Parachains rejoice, as auctions light the flame,
Kintsugi and Karura, adding power to the name.
Dancing in the market, a KSM surge so bold,
In this enlivened realm, new narratives unfold.

Chorus:

Oh Kusama, you're a force, no longer under shadow,
With wings of change, the blockchain's new bravado.
Canary sings its song, in a digital sky so wide,
Oh Kusama, lead the tide, where innovation rides.

Bridge:

Asynchronous dreams, with speeds to enthrall,
Kusama's vision, watching barriers fall.
Developer hearts ignite, in this spirited domain,
And the world takes note, of Kusama's reign.

Outro:

Oh Kusama, beacon bright, in a world of endless quest,
October 2023, your legacy manifests.
Not just a sibling, but a leader unconfined,
Oh Kusama, forge ahead, in the blockchain's mind.
