

2021 Kusama

Verse 1:

In the heart of May 2021,
Kusama soared beneath the sun,
A canary's flight in blockchain skies,
Parachain dreams, bids arise.
Governance reformed with OpenGov,
Community votes, progress moves,
Validator, treasury—their hands mold,
“Chaos 2021,” the future unfolds.

Chorus:

Skyrocketing high, Kusama's dawn,
Breaking chains, where dreams are drawn.
In a world of tokens, tech, and trust,
May 2021, we rise from dust.

Verse 2:

Parachain auctions, a hopeful race,
Karura, Moonriver, a passionate chase.
XCMP channels, voices entwine,
zk-SNARKs whisper in privacy's shrine.
KSM climbs, the market sings,
In the realm of billions, Kusama's wings.
Developers flock, their visions ignite,
Innovation's beacon, a guiding light.

Chorus:

Skyrocketing high, Kusama's dawn,
Breaking chains, where dreams are drawn.
In a world of tokens, tech, and trust,
May 2021, we rise from dust.
(Bridge - instrumental)

Chorus:

Skyrocketing high, Kusama's dawn,
Breaking chains, where dreams are drawn.
In a world of tokens, tech, and trust,
May 2021, we rise from dust.

Outro:

For this is just the beginning, a tale untold,
As the parachains weave, futures unfold.
Kusama's heartbeat, a rhythm divine,
In the summer's embrace, our dreams align.
