

# Code Kusama

## *Verse 1:*

In the wild fields of code, Kusama thrives,  
Gavin's vision in this digital hive.  
November 2019, a time of change,  
Parachains on the rise, breaking the chain.  
Testing the waters, governance takes flight,  
Voting and proposals through the endless night.  
Kusama's playground, where futures ignite,  
A dance on the edge, in the blockchain light.

## *Chorus:*

In this chaotic land, where dreams take flight,  
Kusama's heartbeat pulses through the night.  
November's echoes, in the code we trust,  
Building tomorrow from the digital dust.

## *Verse 2:*

Validator rotation, a step to the new,  
Proof-of-stake journey, a path to pursue.  
KSM surges, traders are keen,  
Security and growth, a vibrant scene.  
Acala and Karura, names on the breeze,  
Tethering to chains, like leaves in the trees.  
Innovations bloom, the treasury's grace,  
Funding dreams in this decentralized space.

## *Chorus:*

In this chaotic land, where dreams take flight,  
Kusama's heartbeat pulses through the night.  
November's echoes, in the code we trust,  
Building tomorrow from the digital dust.

## *Bridge:*

David's words echo, with futures we explore,  
Kusama's heartbeat, forever more.  
Cross-chain whispers, a promise untold,  
In November's light, the new world unfolds.

## *Chorus:*

In this chaotic land, where dreams take flight,  
Kusama's heartbeat pulses through the night.  
November's echoes, in the code we trust,  
Building tomorrow from the digital dust.

## *Outro:*

Kusama's wild song, a techno-brave heart,  
Guiding Polkadot with a head start.  
November 2019, a legend unfurl,  
In the blockchain fabric of our world.
