

Kusama Rising

Verse 1:

In the heart of September '24,
Kusama's spirit, wild and raw.
Governance power in motion,
KIP-231 brought the notion.
Catalyst rise, throughput soar,
As block times crash to the floor.
Parachains ablaze, bidding dance,
KusamaFi takes its chance.

Chorus:

Kusama, break the chains,
Ride the wave of blockchain flames.
In the wild, where dreams ignite,
September's spark, burning bright.
Oh, Kusama, lead the way,
In this realm, we'll boldly stay.

Verse 2:

Cross-chain flows with Karura's grace,
Kintsugi wraps, a Bitcoin embrace.
Builders rise, dreams take shape,
In a world of code, we escape.
KSM stands firm, storms will pass,
Driven by the future, moving fast.
Foundations laid, soaring high,
In Kusama's light, we fly.

Chorus:

Kusama, break the chains,
Ride the wave of blockchain flames.
In the wild, where dreams ignite,
September's spark, burning bright.
Oh, Kusama, lead the way,
In this realm, we'll boldly stay.

Bridge:

Visions collide in a cosmic dance,
In decentralized embrace, we advance.
Innovation's heartbeat, loud and clear,
In Kusama's world, we have no fear.

Chorus:

Kusama, break the chains,
Ride the wave of blockchain flames.
In the wild, where dreams ignite,
September's spark, burning bright.
Oh, Kusama, lead the way,
In this realm, we'll boldly stay.
