

Restored Kusama's

Chorus:

In December '21, a network soared,
Parachains won, new dreams restored.
Kusama's call, brave hearts align,
Building bridges in blockchain's time.

Verse 1:

Eleventh auction, a crown was won,
Kintsugi rose, dreams weighed a ton.
Two hundred thousand KSM in hand,
A future forged in digital sand.
Volatile waves, markets rise and fall,
Yet Kusama stands, resilient through it all.
Transaction speeds, messages cross,
Communities grow, no dreams are lost.

Chorus:

In December '21, a network soared,
Parachains won, new dreams restored.
Kusama's call, brave hearts align,
Building bridges in blockchain's time.

Verse 2:

Developer dreams, visions unfold,
Subsocial's net, new stories told.
With cross-chain words and governance renewed,
A network thrives, under promises imbued.
Technical paths and ecosystems bloom,
Parachain roots begin to consume.
Inclusion's voice, calls for all,
Kusama's world, where pioneers rally tall.

Chorus:

In December '21, a network soared,
Parachains won, new dreams restored.
Kusama's call, brave hearts align,
Building bridges in blockchain's time.

Outro:

Promises of hope, a future bright,
Kusama's journey, into the light.
In Polkadot's shadow, it paves the way,
A path for progress, where innovation stays.
